Harold: when you return, do not send airmail. The cost is terrible, & I sent it to you this way because of the urgency. When returning, please send regular mail. Do not fuss about cost to me. It is O.K. Do not try to repay. Be gracious & accept as contribution to your work. Besides, these clippings, papers, etc., may not be of value to you.

3/20/67

Harold:

Mailing today airmail large package newspapers, so you can locate anything I neglected to include and can photostat if needed. Please return when through; although papers are not valuable and can be gotten from New Orleans, Dallas, etc., I am trying to make a historical collection for my children. Therefore will surely appreciate your return of these items.

Am very dubious about Russo. Many holes in his statements; also Cummings. Can not get as exited about Cummings as Penn seems to be. One thing for sure: we are being made to take our eyes off Dallas.

Will answer your letter more specifically tomorrow. Right now I want to get the papers off to you.

Aloha,
S.

MAILED: 9:AM Monday, 20th, 1963

1 airmail large package

1 Manila envelope (airmail)

(inc. Sat & Sun (March 18, 19) Dallas & La. items)

I will continue mailing you newspapers — or at least will be able to type information on a daily basis. I was subscribing to States-Item. Am preparing open-letter to Hugh Aynesworth (AP)

on critical Tippit-time information he gave me in summer of '63.

He is a real bastard & will deny — but I have a witness.
